

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF CAPITAL INDIA WEALTH MANAGEMENT PRIVATE LIMITED**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Capital India Wealth Management Private Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, its loss and total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "*Auditor's Responsibilities for the Audit of the Financial Statements*" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provision of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors' Report including annexures to Directors' Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information, and accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid/provided for managerial remuneration during the year; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company does not have any pending litigations which would impact its financial position;
- (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF CAPITAL INDIA WEALTH MANAGEMENT PRIVATE LIMITED

The Annexure referred to in our report to the members of the Company on the financial statements for the year ended 31 March 2020, we report that:

- (i) In our opinion and according to the information and explanations given to us, the Company does not have any fixed assets (property, plant and equipment) during the year under audit. Accordingly, paragraph 3(i) of the Order is not applicable to the Company.
- (ii) As per the information and explanations given to us, the Company does not have any inventory. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.
- (iii) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ("the Act"). Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans, made investments or provided any guarantees or securities during the year. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public. Accordingly, the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder, are not applicable.
- (vi) According to the information and explanations given to us, the Central Government has not specified for maintenance of cost records under section 148(1) of the Act in respect of the activities carried on by the Company. Accordingly, the provisions of paragraph 3(vi) of the Order is not applicable to the Company.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company is regular in depositing with appropriate authorities undisputed statutory dues including income-tax and other material statutory dues, as applicable. As explained to us, the Company did not have any dues on account of provident fund, employees' state insurance, goods and service tax and custom duty.

According to the information and explanations given to us, no undisputed amounts payable in respect of income-tax and other material statutory dues in arrears as on 31 March 2020 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues of income-tax and other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) In our opinion and according to the information and explanations given to us, the Company has not taken any loan or borrowings from banks, financial institutions, Government or debenture holders and therefore the question of default in its repayment does not arise.

- (ix) According to the information and explanations given to us, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and not availed the facility of term loans during the year under audit. Accordingly, paragraph 3(ix) of the Order is not applicable.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud on or by the Company or any fraud by its officers or employees was noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, no managerial remuneration has been paid or provided during the year under audit. Accordingly, paragraph 3(xi) of the Order is not applicable to the Company.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards. Further, according to the information and explanations given to us and based on our examination of the records of the Company, provisions of section 177 of the Act are not applicable to the Company.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under audit. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of the Act. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) To the best of our knowledge and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF CAPITAL INDIA WEALTH MANAGEMENT PRIVATE LIMITED

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Capital India Wealth Management Private Limited** ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

1 Corporate Information

Capital India Wealth Management Private Limited ('the Company') was incorporated on 29th August 2017 as a private limited Company under the Companies Act, 2013 ('the Act').

The Company is a wholly owned subsidiary of Capital India Finance Limited and formed with the main objective of providing all kinds of corporate advisory services in the areas of wealth management, portfolio management, financial planning & related activities.

The Company has not yet commenced its business activities during the period. The Company's holding Company viz., Capital India Finance Limited has informed the Company of its intention of providing operational and financial support to the Company as and when they fall due atleast for a period of 12 months from the reporting date. Accordingly, the financial statements have been prepared on a going concern basis.

2 Significant accounting Policies

2.1 Basis of Preparation of financial statements

A) Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The Company has adopted Ind AS from 1st April 2019 and the financial statements for the year ended 31st March 2020 are the Company's first Ind AS Financial Statements. However, the effective date of transition to Ind AS is 1st April 2018, being the beginning of the earliest period for which the company needs to present comparative information.

The transition to Ind AS has been carried out from the erstwhile Accounting Standards notified under the Act, read with relevant rules issued thereunder and other generally accepted accounting principles in India (collectively referred to as 'the Previous GAAP'). The corresponding comparative previous period as presented in these financial results have been restated / reclassified in order to conform to current period presentation.

The adoption of Ind AS has been carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards. An explanation of how the transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in Note 12.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April 2018 being the 'date of transition to Ind AS'.

B) Functional and presentation currency

The Company's presentation and functional currency is Indian Rupees ("INR" or "Rs."). All figures appearing in the financial statements are in Indian rupees rounded to the nearest thousands (up to two decimals), unless otherwise indicated.

C) Basis of preparation, presentation and disclosure of financial statements

The financial statements have been prepared under historical cost convention on accrual basis, modified to include the fair valuation of certain financial instruments, to the extent required or permitted under Ind AS as set out in the relevant accounting policies. All Assets and liabilities are presented in order of liquidity of

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

line items on the face of financial statements. Further, Assets and liabilities are classified as per the normal operating cycle (determined at 12 months) and other criteria set out in Schedule III of the Act.

D) Use of judgment and Estimates

The preparation of the financial statements requires the management to make judgments, estimates and assumptions in the application of accounting policies that affects the reported amount of assets, liabilities and the accompanying disclosures along with contingent liabilities as at the date of financial statements and revenue & expenses for the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes different from the estimates. Difference between actual results and estimates are recognised in the period in which the results are known or materialise i.e. prospectively.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

E) Fair value measurement

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently that difference is recognised in statement of profit and loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Valuation using quoted market price in active markets: The fair value for financial instruments traded in active markets at the reporting date is based on their quoted market price, without any deduction for transaction costs. A market is regarded as active, if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Valuation using observable inputs: If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates most of the factors that market participants would take into account in pricing a transaction.
- Level 3 - Valuation with significant unobservable inputs: The valuation techniques are used only when fair value cannot be determined by using observable inputs. The Company regularly reviews significant unobservable inputs and valuation adjustments. Level 3 assets are typically very illiquid, and fair values can only be calculated using estimates.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

F) Effective interest Rate (EIR) method

Effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees or other income received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Interest Income is recognised on EIR basis for debt instruments other than those classified as at FVTPL and credit impaired assets.

G) First-time adoption of Ind AS

Overall Principle:

The Company has prepared the opening balance sheet as per Ind AS as of 1st April 2018 (“the transition date”) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from Previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities.

2.2 Financial Instruments

a) Recognition and initial measurement –

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provision of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of profit and loss.

b) Classification and Subsequent measurement of financial assets –

On initial recognition, a financial asset is classified as measured at

- Amortised cost
- FVOCI – debt instruments
- FVOCI – equity instruments
- FVTPL

Amortised cost - The Company’s business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortised cost.

FVOCI - debt instruments - The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI - equity instruments - The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company’s management has elected to classify irrevocably some of its

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets.

Subsequent measurement of financial assets

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

c) Financial liabilities and equity instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

d) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

e) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

f) Impairment of financial instruments

The Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets measured at amortised cost or FVTOCI, except for investments in equity instruments. Company follows a 'three-stage' model for impairment based on changes in credit quality since initial recognition.

Stage 1 (Performing Assets) – includes financial assets that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date. For these assets, 12-month ECL is recognised and interest income is calculated on the gross carrying amount of the assets (that is, without deduction for credit allowance). 12-month ECL are the portion of ECL that results from default events on a financial instrument that are possible within 12 months after the reporting date, if the credit risk has not significantly increased since initial recognition.

Stage 2 (Underperforming Assets with significant increase in credit risk since initial recognition) – includes financial instruments that have had a significant increase in credit risk since initial recognition (unless they have low credit risk at the reporting date) but that do not have objective evidence of impairment. For these assets, lifetime ECL are recognised, but interest income is calculated on the gross carrying amount of the assets. Lifetime ECL are the expected credit losses that result from all possible default events over the expected life of the instrument.

Stage 3 (Non-performing or Credit-impaired assets) – includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime ECL is recognised and interest income is recognised on Net exposure (that is Gross carrying amount less Provision for Expected credit losses).

Criteria used for determination of movement from Stage 1 (12 month ECL) to Stage 2 and Stage 3 (lifetime ECL).

The Company monitors the Days Past Due (DPD) status of each asset which is used as the indicator to determine the assets in various stages. Criteria used for classification of assets are detailed below:

Stage 1 (12 month ECL)	DPD status is less than or equal to 30 DPD
Stage 2 (lifetime ECL)	DPD status greater than 30 and less than or equal to 90 DPD
Stage 3 (lifetime ECL)	DPD status greater than 90 days

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

Measurement of Expected Credit Loss

Expected Credit Losses (ECL) on financial assets is an unbiased probability weighted amount based out of possible outcomes after considering risk of credit loss even if probability is low and incorporate all available information which is relevant to the assessment including information about past events, current conditions and reasonable and supportable forecasts of future events and economic conditions at the reporting date. Measurement of expected credit losses are based on 3 main parameters.

- **Probability of default (PD):** It is defined as the probability of whether borrowers will default on their obligations in future. Since the company don't have any history of past losses therefore it was not adequate enough to create our own internal model through which actual defaults for each grade could be estimated. Hence, the default study published by one of the recognised rating agency is used for estimating the PDs for each range grade.
- **Loss given default (LGD):** It is the magnitude of the likely loss, if there is a default. The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value.

The default study published by one of the recognised rating agency is used for estimating the LGD for secured and unsecured loans.

- **Exposure at default (EAD):** EAD represents the expected exposure in the event of a default, and is the gross carrying amount in case of the financial assets held by the company.
- g) **Write offs** – The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off and when there is no reasonable expectation of recovery from the collaterals held. However, financial assets that are written-off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.
- h) **Presentation of allowance for ECL in the balance sheet** – Loss allowances for ECL are deducted from the gross carrying amount of financial assets measured at amortised cost.

2.3 Cash and Cash equivalents

Cash and cash equivalents consist of cash in hand, bank balances, demand deposits with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have original maturities of less than or equal to three months. These balances with banks are unrestricted for withdrawal and usage.

Other bank balances includes balances and deposits with banks that are restricted for withdrawal and usage.

Statement of Cash Flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

2.4 Impairment of non-financial assets

The carrying values of assets at each balance sheet date are reviewed for impairment, if any indication of impairment exists. If the carrying amount of the assets exceeds the estimated recoverable amount, impairment is recognised for such excess amount in statement of profit and loss. Recoverable amount is the greater of the net selling price and value in use. If at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment losses previously recognized are reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment losses had not been recognized initially.

2.5 Provisions, contingent liabilities and contingent assets

The Company recognises a provision when there is a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current market assessments of the time value of money and the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as finance cost.

In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that may arise from past events but probably will not require an outflow of resource to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resource is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

2.6 Foreign exchange transactions and translations

- a) **Initial recognition:** Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.
- b) **Conversion:** Transactions in currencies other than Company's functional currency are recorded on initial recognition using the exchange rate at the transaction date. At each balance sheet date, foreign currency monetary items are reported at the prevailing closing spot rate. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are generally recognised in Statement of profit and loss.

Non-monetary assets and liabilities are carried at historical cost using exchange rates as on the date of the respective transactions and are not retranslated at the reporting date.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

2.7 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

2.8 Income Tax

Income tax expense comprises of current tax and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

a) Current tax

Current tax comprises of the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of earlier years. The amount of current tax reflects the best estimate of the tax amount to be paid, measured in accordance with the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period. Current tax items are recognised in correlation to the underlying transaction either in the statement of profit and loss, other comprehensive income or directly in equity.

Income tax assets and liabilities are measured at the amount expected to be recovered from or payable to the taxation authorities.

b) Deferred tax

Deferred tax is recognised using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax items are recognised in correlation to the underlying transaction either in the statement of profit and loss, other comprehensive income or directly in equity.

Any change in the deferred taxes due to a change in tax rates is recognised in the statement of profit and loss in the period of enactment of the change.

Tax assets and tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off tax assets against tax liabilities.

2.9 Earnings per share

Basic earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

Capital India Wealth Management Private Limited
Notes to Ind AS Financial Statements for the year ended 31st March 2020
(Currency: Indian Rupee in thousands)

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.10 Operating cycle for current and non-current classification

Based on the nature of activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Balances outstanding at the end of the year	-	-

11 Dues to Micro and Small Enterprises

There are no amounts that need to be disclosed pertaining to Micro Small and Medium Enterprise Development Act, 2006 (the 'MSMED'). As at 31st March 2020 & 31st March 2019, no supplier has intimated the Company about its status as Micro or Small Enterprises or its registration with the appropriate authority under the MSMED.

12 The accounting policies set out in Note 2 have been applied in preparing the financial statements for the year ended 31st March 2020, the comparative information presented in these financial statements for the year ended 31st March 2019 and in the preparation of an opening Ind AS Balance Sheet as at 1st April 2018 (the Company's date of transition). In preparing its opening Ind AS Balance Sheet, the Company has adjusted the amounts reported previously in the financial statements prepared in accordance with previous GAAP. There has been no impact on Company's financial position, financial performance and cash flows due to transition from previous GAAP to Ind AS.
